Program Description

The arrival of 2019 means implementation of changes to the accreditation process, the standards, and elements of performance (EP). It is critical for hospital leaders and accreditation managers to stay up to date with these changes.

In this program, experts educate you about these new requirements and help you assess your organization's compliance. This program also focuses on key changes in The Joint Commission's accreditation process, as well as updated and revised details on new survey activities.

This 60-minute program features Joint Commission experts who share the new and revised standards, as well as the accreditation process revisions—with practical, up-to-date information to help all levels of hospital staff to maintain a state of constant survey readiness.

Objectives

After completing this activity, the participant should be able to:

- Identify the new and revised standards for hospitals for 2019.
- Discuss strategies to meet those standards identified as compliance challenges.
- Describe changes in the survey process for 2019.

Target Audience

This program is relevant to medical staff, organization leaders, managers and supervisors, and staff responsible for performance improvement (PI), patient safety, and risk management initiatives.
